

FLYING SAUCER WORKSHOP

Build and Launch your own Flying Saucer!

You have seen them soar at our Launches! Now you can Learn how to make your own Flying Saucer! Flying Saucers are virtually indestructible and can be flown in your own backyard. They go high, but not far!

The Flying Saucer Workshop is a 2-day class. One day is for building, and one day is for launching

Your choice of classes are:

CLASS (A) Monday September 22

CLASS (B) Tuesday September 23

THURSDAY SEPTEMBER 25 IS LAUNCH DAY FOR BOTH CLASSES

GRADES: K - 5

COST: \$25 which includes 2 flights on Launch Day

TIME: After dismissal until 4:30

Please complete the registration form below. Attach the completed form to your payment and return to the school office by Wednesday, September 17th. You will receive email confirmation of your child's enrollment. Checks and Cash Accepted. Please make checks out to: LIFTOFF!
